2. Drug & Alcohol Testing (UA) Consent

Pre-employment urinalysis and ongoing testing.

Welding and field work is safety-sensitive. State of the Arc Welding & Services LLC is a drug-free workplace. As a condition of employment I will take a pre-employment urine drug screen, and I understand I may also be tested:

- Randomly, while employed
- After any accident or incident on the job or on a customer site
- When a supervisor has reasonable suspicion of impairment
- When a customer, pipeline operator, or site owner requires it (including DOT-regulated programs, if applicable)

I understand that:

- Testing will be done by a certified collection site and laboratory, and a non-negative result will be reviewed by a Medical Review Officer (MRO), who will give me a chance to explain any prescriptions.
- A positive result, an adulterated or substituted sample, or refusing to test can mean the job offer is withdrawn or my employment is terminated.
- Results are kept confidential and separate from my personnel file, and shared only with people who need them or as the law requires.

Current prescription medications (optional — you may give this to the MRO instead):

I consent to drug and alcohol testing as described above and authorize the collection site, laboratory and Medical Review Officer to release the results to State of the Arc Welding & Services LLC.

State of the Arc Welding & Services LLC (the "Company") may obtain a **consumer report** and/or **investigative consumer report** about you from a consumer reporting agency for employment purposes. This may happen before you are hired and, if you are hired, at any time during your employment.

These reports may include information about your character, general reputation, personal characteristics and mode of living, and may include: criminal history, identity and Social Security number verification, prior employment verification, education and certification verification, and motor vehicle / driving records.

An investigative consumer report may involve personal interviews with sources such as former employers and references. You have the right to ask, in writing, for a complete and accurate disclosure of the nature and scope of any investigative consumer report.

7. Proof of Identity & Work Authorization (Form I-9)

Every new employee in the U.S. completes a federal Form I-9 — citizens and non-citizens alike.

- **Section 1** of the I-9 is filled out by you, no later than your first day of work.
- **Section 2** is completed by the office within 3 business days of your start date, after we look at your original documents in person.
- Bring **ORIGINAL**, unexpired documents — photocopies and pictures on a phone cannot be accepted.
- **You choose** which documents to show from the lists below. Bring either **one item from List A**, OR **one from List B and one from List C**.

LIST A Proves identity AND work authorization	LIST B Proves identity	LIST C Proves work authorization
• U.S. Passport or Passport Card • Permanent Resident Card (Green Card) • Employment Authorization Document (Form I-766) • Foreign passport with Form I-94 or I-551 stamp • Other List A documents shown on the I-9 instructions	• Driver's license or state ID card with photo • School ID with photo • Voter registration card • U.S. military card or draft record • Native American tribal document	• Social Security card (without work restrictions) • U.S. birth certificate (original or certified copy) • Certification of Birth Abroad (FS-545 / DS-1350) • U.S. Citizen ID Card (I-197) • Native American tribal document

Most common combo: Texas driver's license (List B) + Social Security card or birth certificate (List C). A U.S. passport by itself also covers everything (List A).

Citizenship / immigration status: you will state your status yourself in Section 1 of the I-9 (U.S. citizen, noncitizen national, lawful permanent resident, or noncitizen authorized to work).

Note: this page is a summary. The official form and full list of acceptable documents are at uscis.gov/i-9. The Company will attach the current edition of the I-9 to this package.

8. Tax Forms

Payroll setup.

- **Form W-4 (Federal Withholding) — required.** Tells us how much federal income tax to withhold from each paycheck. The official 2026 IRS Form W-4 is on the **next pages**. Fill out and sign **page 1** and turn it in; pages 2–5 are IRS instructions and worksheets for you to keep. Blank copies any time at irs.gov/w4.
- **Texas state withholding — none.** Texas has no state income tax, so there is no state withholding form.
- **Form W-2 — you receive this from us.** Every January, the Company mails you a W-2 showing what you earned and what was withheld the year before. Please keep your mailing address current so it reaches you.

Office reminder: report every new hire to the Texas Attorney General's Employer New Hire Reporting program within 20 days of the start date (employer.oag.texas.gov). Most payroll services, including QuickBooks Payroll, file this for you.

Personal
Information**

(a) First name and middle initial	Last name	(b) Social security number
Address		Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .
City or town, state, and ZIP code		
(c) ☐ Single or Married filing separately ☐ Married filing jointly or Qualifying surviving spouse ☐ Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		
Caution: To claim certain credits or deductions on your tax return, you (and/or your spouse if married filing jointly) are required to have a social security number valid for employment. See page 2 for more information.		

TIP: Consider using the estimator at www.irs.gov/W4App to determine the most accurate withholding for the rest of the year if you: are completing this form after the beginning of the year; expect to work only part of the year; or have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), dependents, other income (not from jobs), deductions, or credits. Have your most recent pay stub(s) from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding.

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at www.irs.gov/W4App.

**Step 2:
Multiple Jobs
or Spouse
Works**

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

- (a) Use the estimator at www.irs.gov/W4App for the most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**
- (b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**
- (c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than Step 2(b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, Step 2(b) is more accurate ☐

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

**Step 3:
Claim
Dependent
and Other
Credits**

If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):

(a) Multiply the number of qualifying children under age 17 by \$2,200 **3(a)** \$

(b) Multiply the number of other dependents by \$500 **3(b)** \$

Add the amounts from Steps 3(a) and 3(b), plus the amount for other credits. Enter the total here **3** \$

**Step 4:
Other
Adjustments**

(a) **Other income (not from jobs).** If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income **4(a)** \$

(b) **Deductions.** Use the Deductions Worksheet on page 4 to determine the amount of deductions you may claim, which will reduce your withholding. (If you skip this line, your withholding will be based on the standard deduction.) Enter the result here . . . **4(b)** \$

(c) **Extra withholding.** Enter any additional tax you want withheld each **pay period** . . . **4(c)** \$

**Exempt from
withholding**

I claim exemption from withholding for 2026, and I certify that I meet **both** of the conditions for exemption for 2026. See *Exemption from withholding* on page 2. I understand I will need to submit a new Form W-4 for 2027 . . . ☐

**Step 5:
Sign
Here**

Under penalties of perjury, I declare that this certificate, to the best of my knowledge and belief, is true, correct, and complete.

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2026 if you meet both of the following conditions: you had no federal income tax liability in 2025 **and** you expect to have no federal income tax liability in 2026. You had no federal income tax liability in 2025 if (1) your total tax on line 24 on your 2025 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2026 tax return. To claim exemption from withholding, certify that you meet both of the conditions by checking the box in the *Exempt from withholding* section. Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 16, 2027.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Are submitting this form after the beginning of the year;
2. Expect to work only part of the year;
3. Have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), or number of dependents, or changes in your deductions or credits;
4. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
5. Prefer the most accurate withholding for multiple job situations.

TIP: Have your most recent pay stub(s) from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work. Submit a separate Form W-4 for each job.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount of tax withheld will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain credits. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4.

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 15, if you expect to claim deductions other than the basic standard deduction on your 2026 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for qualified tips, overtime compensation, and passenger vehicle loan interest; student loan interest; IRAs; and seniors. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain deductions. For additional eligibility requirements, see Pub. 501.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe when you file your tax return.

Step 2(b) – Multiple Jobs Worksheet *(Keep for your records.)*

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.
